

## About Glenmark Pharmaceuticals

Glenmark Pharmaceuticals Ltd. is a research-driven, global, integrated pharmaceutical company with presence across Generics, Specialty and OTC business. Glenmark has a diverse pipeline with several compounds in various stages of clinical development primarily focused in the therapeutic areas of oncology, respiratory, and dermatology. Headquartered in Mumbai, India, Glenmark has improved the lives of millions of patients by offering safe and affordable medications for over 40 years.

In addition to being present across emerging economies including India, It also has a fast growing and robust US generics business. At GPL, all efforts are focused on discovering innovative molecules to address the ever-evolving needs of patients and providing effective medicines to enable people to lead fuller, healthier and happier lives.

\*As per the Top 50 Company Rankings, 2020, from Informa's Generics Bulletin
